the Past Two Weeks

We have been advertising new Fall and Winter goods. The response we have received only goes to prove to us that the trade appreciates our efforts to get the new up-to-date merchandise as early in the season as possible. Those of you who have tried to get the season's best models later in the season have realized how soon the best values in the season are picked up, and how hard it is to get duplicates of them. This season we have had some of the best values in Coats and Suits we have ever shown, and had them early, just when you were looking for them, and while we are not duplicating the numbers we have had, we are receiving some just as good values every day, both in cloths, and the ready-made goods.

Ladies' Rain Coats

The demand for Rain Coats for the last few days has been truly great. We have a few of those values left in odd Rain Coats, both in the Plain Cravenette and the Rubberized goods. We have a Rubber Faced Coat that was a good value at \$5.00, to close
